

WINGS 2016

Aerial Response Exercise

Ocean County, New Jersey

June 2016

Overview

WINGS Exercises

Local emergency responders will most likely be the first on scene at a radiological incident.

Dependent of the size of the response, the need for additional aerial assets may be great

To achieve a seamless integration of all aerial assets into a unified response

To improve aerial emergency response techniques and establish working relationships with responding agencies

“We train as we fight and we fight as we train”

OVERVIEW

WINGS Exercises

FEMA-NIRT Sponsored Project (3-years)

Project Year	Planning Agency	Location
2014	DOE	NNSS (Nevada)
2015	DOE	Sumter, South Carolina
2016	EPA	Ocean County, New Jersey

Interoperability for Aerial Radiation Detection Assets

Improve aerial emergency response techniques and establish working relationships with responding agencies

WINGS is designed to be a series of tabletops and field exercises to aid in effective collaboration of multiple aerial radiation detection assets.

"We train as we fight and we fight as we train"

Overview

WINGS Exercises

Local emergency responders will most likely be the first on scene at a radiological incident.

Dependent of the size of the response, the need for additional aerial assets may be great

To achieve a seamless integration of all aerial assets into a unified response

Goals

WINGS Exercises

	<u>2014</u>	<u>2015</u>	<u>2016</u>
 Real-time development of a response plan	✓	✓	✓
 Exercise an Incident Command Structure	✓	✓	✓
 Coordination and prioritization of multiple aerial assets	✓	✓	✓
 Conduct measurements of actual contamination	✓	✓	✓
 Establishment of a Concept of Operations document	—	✓	✓
 Exercise the Aerial CONOP & SOP	—	✓	✓
 Exercise the Radiological Nuclear Aerial Coordinator Role	—	✓	✓
 Development of a joint map product from all aerial assets	✓	✓	✓

March 2014

NNSS (Mercury, Nevada)

Participants: 100+

AERIAL ASSETS

DOE AMS 3/CBP

Las Vegas Metro (ARMOR)

2x

NTNF (U.S. Army)

DOE/RSL/AMS

Los Angeles (LASD)

"We train as we fight and we fight as we train"

March 2014

NNSS (Mercury, Nevada)

March 24 – 27, 2014

FULL SCALE EXERCISE

(DESERT ROCK AIRPORT)

- MISSION ASSIGNMENTS
- MISSION PLANNING
- FLIGHTS APPROVED BY AIR BOSS
- BRIEFINGS

LOGISTICS
