Part II, Section H, *Special Contract Requirements*, Clause H-18, WORKFORCE TRANSITION, CONTRACTOR COMPENSATION, BENEFITS, PENSION, AND LABOR RELATIONS, is modified by adding the following text immediately after subparagraph (d)(2)(ii)(I). (Note: The new text does not add new requirements, but rather provides the criteria used to determine whether or not Contracting Officer approval is required when an annual Compensation Increase Plans is submitted.)

CIP APPROVAL:

NOT REQUIRED: Contracting Officer approval is not required for the CIP under the following circumstances: 1) the CIP submission is equal to or less than the salary increase projection (e.g. Work at Work projection); and 2) NNSA does not notify the Contractor of any questions or concerns that may negate cost allowability. NNSA will provide notification within two weeks following the Contractor's submission (date will be identified in the annual NNSA CIP guidance).

REQUIRED: Contracting Officer approval is required for the CIP under the following circumstances: (1) the CIP percent exceeds the professionally recognized salary budget survey's salary increase projection (e.g. Work at Work projection provided in the annual NNSA CIP guidance); (2) the Contractor's position to market warrants less than the survey's salary increase projection such that application of the CIP at the full increase projection would result in the overall position to be above market; and/or (3) the Contractor's overall position to market is above market.

No other changes are made as a result of this modification. All other terms and conditions remain unchanged.
