**RESPONSE TO NEVADA SITE SPECIFIC ADVISORY BOARD (NSSAB)
RECOMMENDATION FOR REVEGETATION AT CORRECTIVE ACTION UNIT 111
(WORK PLAN #3)**

I would like to thank the NSSAB for taking the time to provide recommendations regarding revegetation at closed Corrective Action Unit (CAU) 111 in Area 5 of the Nevada National Security Site.

The NSSAB made several recommendations for the DOE to consider when evaluating a path forward for the revegetation efforts at CAU 111, including considering any recommendations made by the Consolidated Group of Tribes and Organizations (CGTO) subgroup currently evaluating the same subject. The recommendations made by both the NSSAB and the CGTO subgroup will be considered by the DOE; an update to the NSSAB will be provided in Fiscal Year 2017. The Nevada Field Office Environmental Management Operations Activity appreciates the support of the NSSAB in this endeavor and the efforts made by the Board to provide recommendations.

As always, the NSSAB's input is valued and your efforts are greatly appreciated. Please direct comments and questions to Kelly Snyder at (702) 295-2836.
