**RESPONSE TO NEVADA SITE SPECIFIC ADVISORY BOARD (NSSAB)
RECOMMENDATION FOR CLEAN SLATE II PATH FORWARD (WORK PLAN ITEM #2)**

I would like to thank the NSSAB for taking the time to provide a recommendation regarding the path forward for the Clean Slate II site on the Tonopah Test Range (TTR) in a November 2016 letter.

The NSSAB recommended that DOE continue to move forward with a corrective action of clean closure for Clean Slate II. DOE agrees and will continue to pursue clean closure for the Clean Slate II site.

The Nevada Field Office Environmental Management Operations Activity appreciates the support of the NSSAB in this endeavor and the efforts made by the Board to provide recommendations. As always, the NSSAB's input is valued and your efforts are greatly appreciated.

Please direct comments and questions to Kelly Snyder at (702) 295-2836.
