RESPONSE TO NEVADA SITE SPECIFIC ADVISORY BOARD (NSSAB)
RECOMMENDATION FOR PATH FORWARD FOR CLOSED ENVIRONMENTAL
RESTORATION SITES AT THE TONOPAH TEST RANGE (WORK PLAN ITEM #1)

I would like to thank the NSSAB for taking the time to provide a recommendation regarding the proposed path forward for the closed environmental restoration sites on the Tonopah Test Range (TTR), in a January 2018 letter.

The NSSAB recommended that the EM Nevada Program explore transferring Environmental Restoration sites at the Tonopah Test Range to the Office of Legacy Management. EM Nevada will keep the Board's recommendation in mind as the Program continues to work toward closure of all sites on the TTR, and will use the Board's recommendation as part of the decision-making process.

The EM Nevada Program appreciates the support of the NSSAB in this endeavor and the efforts made by the Board to provide recommendations. As always, the NSSAB's input is valued and your efforts are greatly appreciated.

Please contact Kelly Snyder at (702) 295-2836 if further information on this matter is needed.
