

# RadResponder Network

## RadResponder Update

January 22, 2020

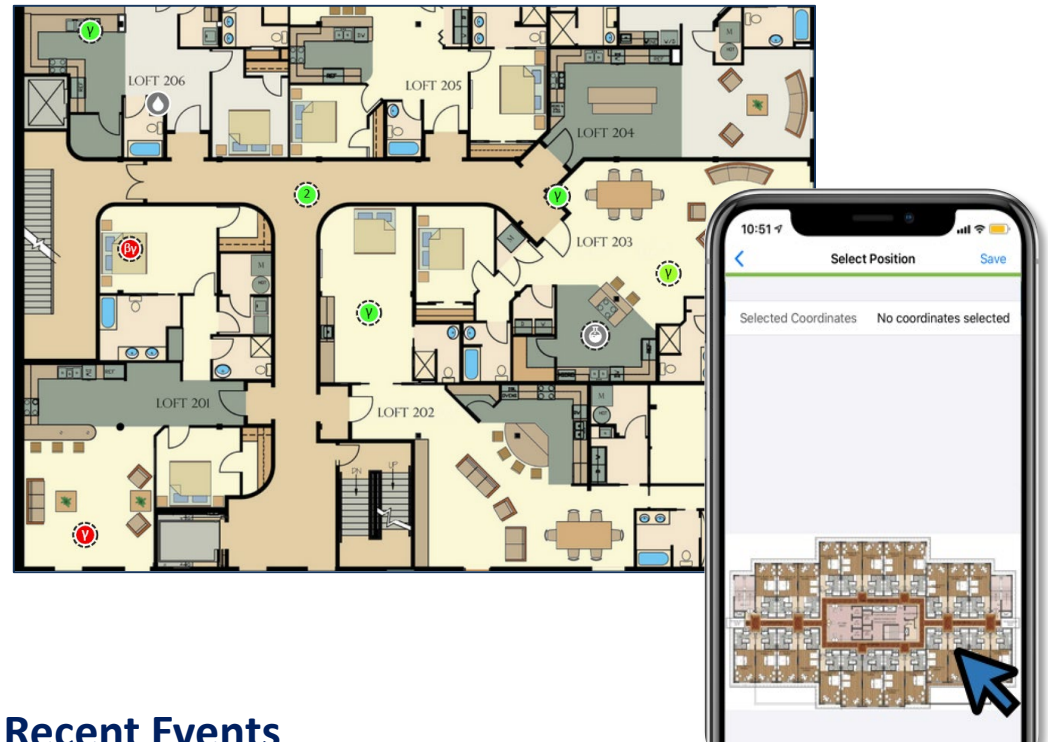

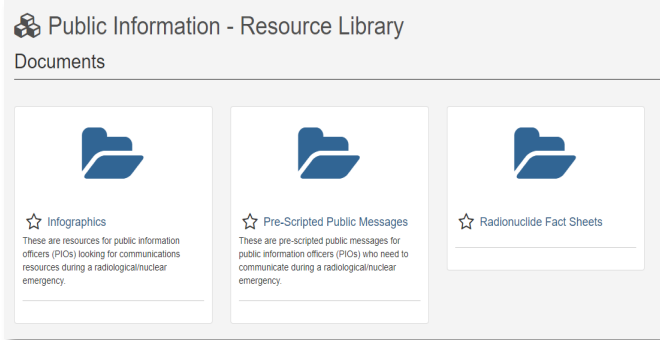

Sponsored: by the **Nuclear Incident Response Program**  
FEMA, DOE, and EPA  
<https://www.radresponder.net>  
[support@radresponder.net](mailto:support@radresponder.net)

## Recent Activities

### Technical Enhancements

- Indoor Monitoring
- Lab Analysis improvements as part of the RAMS → RadResponder transition effort
- Lab Portal
- EPA PIO Resource Library
- Read API

### Integration Efforts

- 9 equipment manufacturers, 31 types of equipment

### Recent Events

- BMW Championship (August 2019)
- Regional Radiological Emergency Preparedness Conference, NRC Region I and FEMA Regions I, II, III (September 2019)
- Palm Beach County (September 2019)
- New England Radiological Health Compact (November 2019)
- NUWAIX MPM and Seattle FD (December 2019)

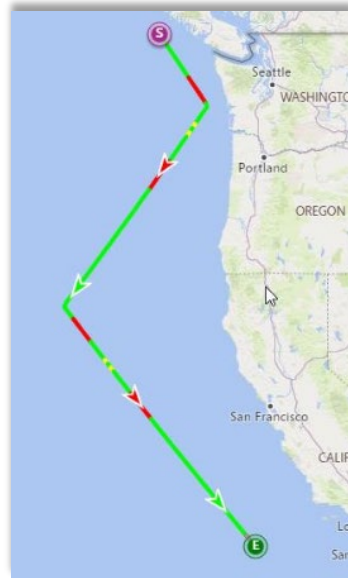

## Next 6 Months

### Technical Enhancements

- Continue closing the gap between RAMS and RadResponder in lab analysis
- Mobile/Aerial Mapping

### Future Integrations

- DTRA IMS Data
- PRND4CM: Enhancing API and encouraging integration

### Events

- Vibrant Response 2020
- Iowa Lab Sampling Training
- NRC Region IV Top Workshop
- RadResponder Trainings:
  - Portland, OR (Feb 2020)
  - San Diego, CA (Feb 2020)
  - Jackson, MS (Mar 2020)

### NREP 2020

- Nashville, TN (April 2020)
- Indoor Monitoring drill
- Concept for Equipment Manufacturer Engagement:
  - Enable NREP vendors who have integrated with RadResponder to showcase their integrations to attendees
