RadResponder Update

July 27, 2022

Recent Activities

Major Technical Enhancements:

- **Mobile low-bandwidth** mode to support data upload in a low-data/low-connectivity setting
- **Equipment locations** for inventory tracking
- **Data assessment policy sharing**
- Default **field team selector** on mobile

Recent Activities

Trainings and Outreach:

- Special Feature Webinars on the following topics:
 - Field Surveys and Field Screenings
 - Equipment Locations and Templates
 - Updated Creating and Managing Events
 - Updated CBRNResponder Mobile App
 - Updated Partnerships

RadResponderPrepared:

- 2 new organizations became RadResponderPrepared: Air Force Radiation Assessment Team and the North Carolina DHHS
- 21 total organizations are RadResponderPrepared

Train the Trainer:

- Spring 2022 trainings certified 6 users in the data collector, event manager, organization administrator, and RadResponder general modules
- Updated all training materials to reflect UI changes and new features

Cobalt Magnet 2022:

- Utilized the RadResponder radiological simulation capability to collect data
- Throughout the exercise, over 900 responders shared more than 700 data points via the CBRNResponder platform.

NREP and CRCPD:

- Similar sessions conducted at NREP and CRCPD: 2022 ROSS/Radiological and Nuclear Emergency Workshop
- Utilized: radiological simulations, IMAAC portal, CBRNResponder mobile app, user drawing tools, 10-pt monitoring plan, indoor data collection, and more

**National Radiological Emergency
Preparedness Conference, Inc.**

"A tradition worth carrying forward"

Next 6 Months

Upcoming Presentations:

- National Homeland Security Conference (Cleveland, OH)
- Health Physics Society (Spokane, WA)
- Mirion Connect (Boston, MA)
- Pennsylvania Hazmat Conference (Champion, PA)
- Southeast REP Conference (Birmingham, AL)

Upcoming Activities:

- Regional, customized trainings
- Monthly Special Feature Webinars
 - Fixed Monitoring Enhancements
 - Managing GIS Files
- Community Initiative article on NREP and CRCPD activities
- Expand the RadResponderPrepared initiative

Technical Enhancements:

- Indoor monitoring enhancements
- Expand Quick Search functionality
- Improve event map performance
- User feature requests
